Financial Policy

We are committed to providing you with the best possible care & are pleased to discuss professional fees with you at any time. Your clear understanding of our financial policy is important to our professional relationship.

Basic Policy: Payment is due at the time of treatment. We accept cash, check and major credit cards. We also have a payment plan called CareCredit, which allows you to start treatment today and spread payments over time.

Any accounts with balances over 60 days will accrue an annual interest rate of 8%. In the event that an account balance is turned over to a third party collector (collection agency); the collection fees accrued will be the patient's responsibility.

With Insurance: We will gladly process your insurance claim – however we do request that you pay your **estimated portion at the time of service**. If any claim has not paid within 90 days of billing, any unpaid balances are due in full. ****Patients should always refer to their benefit booklet for a complete description of their dental plan.**

Without Insurance: We accept Cash, Personal Checks, CareCredit and major Credit Cards. **Save 5%** with your payment in full using Cash or Check.

(Sorry – no savings with Credit/Debit cards.)

Unaccompanied Minors: Unaccompanied minors coming into our office must have the quoted estimated portion due for services rendered in the form of Cash, Check or Credit Card.

Separated Families: The parent/guardian that presents the child for treatment is the one financially responsible. We are not responsible for billing the other parent/guardian.
